THE COLONIAL POLICY OF GREAT BRITAIN.

That the Colonial policy of Great Britain is, in many essential points, much the same now as it was a century ago, we in British Columbia can testify from sad experience. It is true, that to the older Colonies have been granted Free Constitutions and the almost unresisted power to manage their own affairs. But it is equally true that this desirable result was in every instance brought about by the persevering and determined agitation of the Colonists themselves—in some instances finding it necessary to go the length of rebellion in order to maintain their rights, and bring the old *foggyism* of the Colonial office to take a rational and common sense view of matters. From first to last the policy pursued by Great Britain in reference to her Colonies has been much the same, characterised by the grossest mismanagement in the outset—Royalty represented by incompetent bull-heads, despotic-hearted men, who, rallying round them kindred spirits, organizing a sort of family compact, have almost uniformly committed the great error of treating the people with contempt and administering the Government with the most systematic disregard of their wishes and wants. Her Colonial policy cost her, in 1776, the American Colonies, in 1837 came very near costing her Canada, and, in money and men, has, during the last century, cost an untold amount.

Now, one would imagine that a few such lessons would have tended to a modification of her policy; and that the causes which produced such disastrous results in the history of other Colonies would have been studiously avoided in the latter part of the nineteenth century. Such, however, would not seem to be the fact. In the organization of this Colony in 1858 the most signal disregard to the rights of the people is manifest. A man totally inexperienced in the science of political economy is constituted *solo autocrat*, over a population chiefly from countries accustomed to self-government. With the power to make laws by proclamation and enforce them with the bayonet; the destinies of a great and rich Colony, and the interests and rights of a British population, are recklessly placed in the hands of one man! It is true Mr. Douglas was, as early as '59, advised by the Secretary for the Colonies to seek counsel from among the people. But this was merely *advice*, and not agreeing with the despotic feelings and views of the Governor, was of course totally disregarded. So that now, at nearly the close of the fourth year, we are just in the same ignominious position, politically, as we were at the first. Russian serfs are liberated, meantime; Italians manfully struggle for their freedom; and their rights. If the Italians could cast off Dukes of Parma and Modena, and even a comparatively inoffensive Grand Duke of Tuscany, as hindrances to the prosperity of the nation, is it in the Anglo-Saxon blood to be supinely patient, philosophically indifferent, under the rule of actual despotic tyranny that offends every domestic and civic feeling, and renders us not only contemptible in the eyes of our neighbors, but in our own? Are we in relation to Italians and Russians what the Yankees would make out the negroes to be in comparison to themselves—a race incapable of self-government, unfit for free institutions? Are then the sons of Britons become so degenerate and debased that when Russians are being freed they are content to remain serfs in British Columbia? We bear now all the responsibilities of freemen. We pay and maintain our own government; we are denied all pecuniary aid from Imperial quarters. And are we not morally fit to expend a revenue we physically create? We cannot refrain from our duty without renouncing our manhood. The French have a proverb, which says, "help yourself, and God will help you," and when a Scottish chief said to his followers, "It is an ill world, Donald, the Lord mend it!" "Nay, sir," said Donald, "but by the Lord we must help him to mend it!" Every Briton in this country has a sacred duty to perform—a duty he owes not to himself alone, but to his fellow colonists, and to succeeding generations. We have petitioned and memorialized again and again, it is true, but let us not become weary in well doing, for assuredly we shall reap if we faint not.

Lord Clyde.—It is said that the Brighton review was fixed by Lord Clyde to be his last public appearance in a military capacity, and to make this determination more impressive upon the military authorities, he shaved off his moustache before announcing it, and pointed to the denuded upper lip, observing that he had taken down the signboard, having really retired from the business. Whether this be true or not, the moustache is certainly gone.

The British Columbian.

NEW WESTMINSTER, WEDNESDAY, JULY 16.

FROM CARIBOO.

FROM AN OCCASIONAL CORRESPONDENT.

To the Editor of the British Columbian.

FORKS OF QUEENSLAND, 21st June, 1862.
Sir,—The subscription will show you that I have reached the portals of a Canadian point of view would interest your readers, and be worth the notice of your readers, here they are at your disposal.

My party, with four animals, embarked on the steamer Douglas for Yale on the 9th ultimo, but the swollen state of the river compelled the master to land all his Yale passengers, and freight about four miles above Hope, on the east bank, whence they cut their way as best they could to Emery's Bar. The steamer Hope reached this latter point a day or two subsequently, and for simply ferrying across the river, which occupied the boat just thirty minutes, her conscientious master extorted \$4 each for animals and 50c. each for persons, realizing by the job upwards of \$100. Remonstrances were made by the victims, but they produced no other effect than a threat from the master of the Hope to re-land them whence they came. This man, while acknowledging the extortion, he practised upon his helpless miners, chucked at the chance afforded him of taking his revenge (as he stated it) upon the steamers Douglas and Moody for having opposed him in former years, adding, "I'll be the chance." This is the only specimen of deliberate imposition, and ruffianism I have met with in British Columbia.

Travelling along the river trail toward Lytton; looked in vain for indications of the existence of that "fertile soil" and those "magnificent agricultural regions" I had read and heard of as abounding on all sides in this Colony. So far as my personal observation serves, I am reluctantly compelled to say that any average township in Canada West will yield a greater amount of agricultural produce, with less labor, than all the available land I have seen here throughout my entire foot journey of more than 350 miles. I am not yet discouraged, however, because many districts of fine country may exist in directions I have not yet travelled; and with respect to the Colony as a desirable permanent place of settlement and residence, you will probably hear from me anon.

At and near Lytton I had an opportunity of inspecting the new wagon road in course of construction toward Yale on the one side and this place on the other, which is evidence of an energetic administration of Colonial affairs, and is constructed, so far as I observed, in a creditable manner. Connected with this public work, however, there is a just ground of complaint by all those adventurous pioneers of civilization in the interior who have been "settling down" where they are induced to believe the prolongation of this wagon road will strike them. In this faith these people are making improvements, building houses, etc., and it would be no more than a measure of simple justice to them and future settlers to locate the line of road at once by survey, which would not only tend to the rapid development of the resources of the interior, but secure the settler and the public against speculation and jobbery by those in the public service, and the interested views and operations of overseers, contractors, or others having the control of the road's construction; and perhaps the direction of its route through the country.

But a flagrant case of deliberate injustice and mal-administration of official duty has just come under my notice here, most crushing in its consequences to a large body of the public, and affecting not only the prospects of the Colony, but the character of its Executive Government.

The Mining Regulations of the Colony, promulgated by authority, enact that no man can hold more than two claims—the one by pre-emption, the other by purchase; but in Cariboo are many Victoria speculators who have, during last fall and this spring, staked out and placarded whole ranges of claims, which they sell to the new comers at the Gold Fields Act 1859, also enacts that after 72 hours' non-occupation of any claim it becomes vacant, and at the disposal of the first comer. But the operation of this clause was suspended during last winter for obvious reasons, and the 1st June (instant) proclaimed as the day upon which it should again go into force. Meanwhile a vast influx of Canadians, and others from afar, have struggled up to Cariboo at great personal sacrifice, expense and suffering, relying on the good faith of the authorities. When this crowd reached the mines they found every spot of ground staked out and claimed, but till the 1st of June, 1862, there was no ready mode of testing the legality of such claims, whether they were bona fide located by miners, or had been taken up by speculators. Short of money and provisions, as many of these men were, they held out till the day arrived, when, by the actual working and personal occupation of these claims, it would be discovered which were legally pre-empted and occupied, and which were available for others. Acting, however, under some influence, the Gold Commissioner thought proper to extend the period referred to for personally representing claims from 1st June to 1st July, (proximo) by which measure the operators in claims may continue their illegal traffic, holding them without occupation and against the interference of anyone. This destroyed at a blow the hopes of thousands of poor men, who, dispirited and dejected, retraced their sad and weary steps towards the place from whence they had come. They were unable to "hold on" at the mining region any longer, for want of means, and were made the victims of a cruel, if not a corrupt, policy.

Everything here seems dull; the accounts from the best claims are not very flattering, and the high water prevents mining, as well as prospecting from being done on an extended scale. Puck trains are pouring in every day with stocks for the merchants, and there is every prospect of provisions coming down to some reasonable figure before long. New trails are being cut from one point or other along the route, to reach Lightning and other Creeks; the people at the

Forks feel rather uneasy while contemplating the possibility of being circumvented altogether some of these days, and they have good reason to be so. From the mines I will endeavor to reach you again after a time.
Yours truly,
J. W.

BRITISH COLUMBIA OVERLAND TRANSIT COMPANY IN THE HOUSE OF COMMONS.—In the House of Commons, on the 23d May, Mr. Malcolm called the Under Secretary of State for the Colonies whether the attention of Her Majesty's Government had been directed to an advertisement in the Times of the 17th instant, of the British Columbia Overland Transit Company, and to the prospectus that had been issued by the said Company, in which offers are made to convey 500 emigrants from England to British Columbia direct, the passage-money to be £42, and the journey to occupy five weeks; whether he was aware that a vessel was to start from Glasgow on the 31st of May with a large number of persons who had engaged their passages in the terms of such advertisements; whether Her Majesty's Emigration Commissioners had satisfied themselves that the British Columbia Transit Company had made arrangements, and had it in their power, to carry the emigrants to British Columbia in terms of their advertisement; and whether they had considered the probability of the intended emigrants being starved between Montreal and British Columbia.

Mr. BARING said the advertisement had not escaped the attention of the Government, and a report had been received from the Emigration Commissioners, who had thought it their duty to inquire into the facts of the case, and to invite some one connected with the company to give information. Accordingly Colonel Sleight, representing the company, went to the Commissioners, and assured them that all the preparations specified in the advertisement had been made, and that the parties who would be sent out would consist of about a hundred able-bodied young men, and that no women or children would be of the party.

Mr. ROEBUCK inquired whether the Government had anything to do with the scheme.
Mr. FORRESTER said the Government had nothing whatever to do with the matter. His noble friend had, however, written to the Governor of British Columbia to take care that the conditions of the company were fulfilled.—Times.

The London Gazette, of May 23d, says: The Queen, as Sovereign of the most noble Order of the Garter, has been graciously pleased by letters patent, under the Great Seal of the Order, bearing date this day, (Baltimore, May 21st) to dispense with all the statutes and regulations observed in regard to installation, and to grant unto the Right Hon. Charles John, Earl Canning; the Right Hon. John, Earl Russell; the Most Noble Edward Adolphus, Duke of Somerset; the Right Hon. William Thomas Spencer, Earl Fitzwilliam, Knights of the said most noble Order, full power and authority severally to exercise all rights and privileges belonging to a Knight Companion of the said Most Noble Order of the Garter, in as full and ample a manner as if they had been formally installed, any decree, rule or usage, to the contrary notwithstanding.

ANOTHER PERSIAN WAR LOOMING.—It is rumored that a telegram has reached Government from Lord Elgin, asking permission to send a body of British troops to support the new ruler of Cabul, who has solicited assistance against the Persians. It is presumed that no movement of this kind will be sanctioned by the home authorities without the gravest deliberation.—Daily News.

THE TRAILER (IRELAND) CHAMBER OF COMMERCE, consisting of three exceptions, of Roman Catholics, have, by a large majority, negative the proposition to drink the health of the Pope before the health of the Queen at their public dinners.

THE JAPANESE AMBASSADORS IN PARIS.—The Paris correspondent of the London Court Journal relates a strange story of one of these Ambassadors having committed "Hari Kari" or suicide in the Hotel du Louvre. The extraordinary tragedy is in substance thus narrated:

"One of the officers belonging to the suite of the Envoy received the order, which had been despatched almost immediately after his departure from Japan, to commit the act of suicide, or self-execution known as the hari, described by Bayard Taylor and other travellers in Japan as the only method of avoiding execution. What the offence accompanying a public execution, what the offence committed by the miserable man before his departure from Japan was, or what the means whereby it was discovered, most for ever remain a secret. But what is certain is the fact of the act of suicide having been faithfully performed by the victim, and, according to official form, in the presence of the representative of the spiritual Majesty of Japan, and by stabbing himself in the bowels with the broad yatagan which every Japanese officer of distinction wears upon his bosom, suspended by a thick gold chain round his neck. Several days transpired, during which, however, considerable suspicion arose from one of the number being missing, before the facts were known, when the body was ascertained to be imperfectly embalmed and done up in a wooden chest. There seemed no attempt at concealment, however, on the part of his companions, who viewed the matter as a stern necessity of duty. The discovery created much sensation and embarrassment on the part of the French Government, by whom intimation was given that such barbarous customs, being totally at variance with the laws and institutions of the country, and any repetition of the same occurrence would be followed by expulsion.

THE SCOTCH GENERAL ASSEMBLIES.—The General Assemblies of the Established and Free Churches of Scotland were opened at Edinburgh on Thursday. For the 24th time Lord Belhaven, K. T., represented Her Majesty as Lord High Commissioner to the Assembly of the Church of Scotland. On Wednesday evening his Lordship received the Lord Provost and magistrates of Edinburgh, who presented him with the keys of the city, and afterwards held an official dinner in the picture gallery of Holyrood House. On Thursday morning the usual levee was held at the palace, and the Commissioner proceeded to

the High Church to Divine service, before attending the opening of the Assembly. For the first time in many years, the State procession and military display were omitted, in consequence of the mourning of the Royal household. The Assembly being constituted, the Rev. Dr. Smith, of Inverary, the retiring Moderator, nominated Dr. James Bisset, of Bourtie, Aberdeenshire, as his successor. At the opening of the Free Church Assembly, the Rev. Dr. Candlish, retiring Moderator, preached, and nominated in his stead the Rev. Dr. Guthrie, of Edinburgh.—Lon. Times.

CANADA PRESBYTERIAN CHURCH SYNOD.—The annual meeting of this body was held on June 5th, in Knox's Church, Queen street, Toronto. After praise and prayer the retiring Moderator, Rev. Dr. Taylor, of Montreal, preached an eloquent sermon from Mark xvi, 15, "Go ye into all the world and preach the Gospel to every creature." About 150 Ministers and Elders answered to the roll call. The following names were read, having been submitted by the different Presbyteries as candidates for the Moderatorship: Rev. Dr. Burns, Toronto; Rev. Mr. Ure, Streetsville, and the Rev. Mr. Topp, Toronto. The Moderator informed the members that Rev. Mr. Topp would not be present at the meeting of Synod, as he was now on his way to Europe. A vote was then taken, when about ninety members voted in favor of Rev. Dr. Burns, and forty for Rev. Mr. Ure. The announcement of the vote was received with loud applause, and the Moderator called on Dr. Burns to occupy the chair, which he now vacated. Dr. Burns declining the appointment on account of advanced age and increasing infirmities, nominated Rev. Mr. Ure, who was unanimously elected. After the adoption of the Report of the Committee on Overtures, and the appointment of the usual Committees the Synod adjourned till the following day.—Globe.

A DESTRUCTIVE FIRE took place in Galt, on 31st May, destroying property to the extent of \$100,000, about one-third covered by insurance.

EXECUTION.—An Indian was executed at Sarina, on the 2nd June, for the murder of another Indian last winter near that place.

THE DOCTOR FOR ALL!
HOLLOWAY'S PILLS.
 CHEST COMPLAINTS.
 No diseases are more frequent, few more dangerous,
 than affections of the respiratory organs. The first
 symptoms of catarrh, bronchitis, and influenza, may
 be radically removed by Holloway's renowned Pills.
 They quickly remedy any temporary stagnation of blood,
 relieve any overgrown veins, moderate the hurried
 breathing, and enable the lungs to do their office with
 ease and regularity. These Pills, by their purifying
 powers, cleanse the blood from all impurities, and for-
 tify the system against consumption, asthma, and simi-
 lar complaints.
 STOMACH, LIVER, KIDNEYS AND BOWELS.
 From various causes these organs are frequently get-
 ting out of order, and require some suitable medicine
 to regulate them. Holloway's Pills effect this object
 with wonderful celerity and certainty. They do not
 distress the system, or weaken the frame; they thor-
 oughly invigorate the digestive organs. They gently
 excite the stomach and liver, stimulate the kidneys to
 perform their functions efficiently, and act upon the
 bowels without griping or any other annoyance; again,
 taken an hour before dinner, they cannot be equalled as
 a "Dinner Pill," as they entirely prevent acidity, flatu-
 lency, nausea, and biliousness.
 WHOLESALE OR WATERY DROPSY.
 Whoever is afflicted with these complaints, should at
 once have recourse to Holloway's Pills. They act most
 energetically on the glandular and absorbent system,
 purify the blood, and impart a vigour which age or other
 causes may have temporarily taken away. They excite
 the kidneys to increased activity, and thereby stimulate
 the absorbents to remove the fluid already collected.
 DISORDERS PECULIAR TO WOMEN.
 There is no medicine equal to Holloway's Pills for
 correcting the ailments incidental to females. They
 may be taken with safety for any irregularity of the
 system. As they remove all cause of malady, and so
 restore by their grand purifying properties, females of
 all ages to robust health.
 INFLUENZA, DIPHTHERIA AND SORE THROAT.
 How all-important it is to check the first departure
 from health! all may do so by taking Holloway's Pills,
 without risk or restriction. In all diseases affecting the
 blood, nerves, and muscles, or in cases of fever, sore
 throat, colds, coughs, asthma, and shortness of breath,
 the earlier they are taken the better.
 CHILDREN'S COMPLAINTS.
 Diseases incidental to children, such as feverish at-
 tacks, scarlet fever, measles, and all diseases of the skin,
 may be immediately checked, and soon cured, by these
 purifying Pills, which may be reduced to a powder, and
 given in doses of one, two, or three pills, according
 to the age of the sufferer. Holloway's Ointment is
 soothing, cooling, and healing, and is better adapted
 than any other remedy for all external ailments.
 INDIGESTION, BILE AND SICK HEADACHES.
 No organ in the human body is so liable to disorder
 as the liver, and none is more apt, when neglected, to
 become seriously diseased. When nausea, flatulency
 or acidity on the stomach, warns us that digestion is
 not proceeding properly, Holloway's Pills regulate every
 function, give strength to every organ, speedily remove
 all causes of indigestion, bile and sick headaches, and
 effect a permanent cure.
 LUMBAGO, RHEUMATISM AND GOUT.
 In these diseases the blood is always in a highly in-
 flammatory state; the stomach is also disordered, and
 the liver and kidneys unnaturally torpid. A few doses
 of these Pills, taken in time, will rectify all these sym-
 ptoms by their cooling and purifying properties.

Holloway's Pills are the best remedy known in the world
 for the following diseases:—
 Ague, Female Irreg- Retention of Urine
 Asthma, ularities, Scrofula, or King's
 Bilious Complaints, Fevers of all Evil
 Blotches on the Face, Sore Throats
 Bowel Complaints, Stone and Gravel
 Cough, Head-ache, Secondary Symp-
 Colic, Gout, Tic Douloureux
 Constipation of the Bowels, Inflammation
 Debility, Jaundice, Liver Complaints
 Dropsy, Lumbago, Piles, Weakness, from
 Erysipelas, Rheumatism, whatever cause,
 &c., &c.

Sold at the establishment of PROFESSOR HOLLOWAY,
 244, Strand, (near Temple Bar) London; also by all
 respectable Druggists and Dealers in medicines through-
 out the civilized world, at the following prices:—1s.
 1ld., 2s., 3s., 4s., 6d., 1s., 2s., and 3s. each Box.

 Fire-proof and Burglar Safes. This safe is well
 known in the market for its unsurpassed fire-proof qual-

 certificates from parties in our mining towns, where
 these safes have been subjected to the most severe tests
 of its fire-proof qualities. The safes are secured by our
 Combination Lock. This lock is in every respect the
 most secure one in use; It requires the key and combina-

 from the owner, it would be perfectly useless to the pos-

 ting out of order, and require some suitable medicine
 to regulate them. Holloway's Pills effect this object
 with wonderful celerity and certainty. They do not
 distress the system, or weaken the frame; they thor-
 oughly invigorate the digestive organs. They gently
 excite the stomach and liver, stimulate the kidneys to
 perform their functions efficiently, and act upon the
 bowels without griping or any other annoyance; again,
 taken an hour before dinner, they cannot be equalled as
 a "Dinner Pill," as they entirely prevent acidity, flatu-
 lency, nausea, and biliousness.
 WHOLESALE OR WATERY DROPSY.
 Whoever is afflicted with these complaints, should at
 once have recourse to Holloway's Pills. They act most
 energetically on the glandular and absorbent system,
 purify the blood, and impart a vigour which age or other
 causes may have temporarily taken away. They excite
 the kidneys to increased activity, and thereby stimulate
 the absorbents to remove the fluid already collected.
 DISORDERS PECULIAR TO WOMEN.
 There is no medicine equal to Holloway's Pills for
 correcting the ailments incidental to females. They
 may be taken with safety for any irregularity of the
 system. As they remove all cause of malady, and so
 restore by their grand purifying properties, females of
 all ages to robust health.
 INFLUENZA, DIPHTHERIA AND SORE THROAT.
 How all-important it is to check the first departure
 from health! all may do so by taking Holloway's Pills,
 without risk or restriction. In all diseases affecting the
 blood, nerves, and muscles, or in cases of fever, sore
 throat, colds, coughs, asthma, and shortness of breath,
 the earlier they are taken the better.
 CHILDREN'S COMPLAINTS.
 Diseases incidental to children, such as feverish at-
 tacks, scarlet fever, measles, and all diseases of the skin,
 may be immediately checked, and soon cured, by these
 purifying Pills, which may be reduced to a powder, and
 given in doses of one, two, or three pills, according
 to the age of the sufferer. Holloway's Ointment is
 soothing, cooling, and healing, and is better adapted
 than any other remedy for all external ailments.
 INDIGESTION, BILE AND SICK HEADACHES.
 No organ in the human body is so liable to disorder
 as the liver, and none is more apt, when neglected, to
 become seriously diseased. When nausea, flatulency
 or acidity on the stomach, warns us that digestion is
 not proceeding properly, Holloway's Pills regulate every
 function, give strength to every organ, speedily remove
 all causes of indigestion, bile and sick headaches, and
 effect a permanent cure.
 LUMBAGO, RHEUMATISM AND GOUT.
 In these diseases the blood is always in a highly in-
 flammatory state; the stomach is also disordered, and
 the liver and kidneys unnaturally torpid. A few doses
 of these Pills, taken in time, will rectify all these sym-
 ptoms by their cooling and purifying properties.

Holloway's Pills are the best remedy known in the world
 for the following diseases:—
 Ague, Female Irreg- Retention of Urine
 Asthma, ularities, Scrofula, or King's
 Bilious Complaints, Fevers of all Evil
 Blotches on the Face, Sore Throats
 Bowel Complaints, Stone and Gravel

 SAN FRANCISCO.

SOLE AGENT for Tilton & McFarland's celebrated
 Fire-proof and Burglar Safes. This safe is well
 known in the market for its unsurpassed fire-proof qual-
 ity, having withstood in California, as well as in the
 East, the hottest fires known. We can refer to endless
 certificates from parties in our mining towns, where
 these safes have been subjected to the most severe tests
 of its fire-proof qualities. The safes are secured by our
 Combination Lock. This lock is in every respect the
 most secure one in use; It requires the key and combina-
 tion to open the safe. If the key should be abstracted
 from the owner, it would be perfectly useless to the pos-
 sessor without his knowledge of the combination, or
 mental key, which the owner carries in his head.
 To those in want of a reliable safe we offer the above
 cheaper than any other in the market.
 A large assortment on hand and to arrive.
